

# Sino-Swedish Life Science Seminar

## “Opportunities with China First Life Science Valley”

*“China Medicine City”--  
Taizhou City of Jiangsu,  
the dynamic and emerging  
industrial city with prospects*

### **Find out why Taizhou City, is becoming China´s largest centre for manufacturing, R&D and trading in Life-Science Industry**

- The home town of Chinese President HuJintao, experiencing a dramatic development and being positioned as the first-tire “China Pharma Vally”—so-called “China Medicine City”.
- Grouping more than 160 life-science companies including the No.1 Chinese domestic pharmaceutical company-Yangtze River Pharmaceutical Group and global companies such as Merck, GSK, Novartis etc.
- Grouping three other regional medicine industrial zones by national and regional governments’ supports for pioneering various research and development of diversified pharmaceutical fields and manufacturing.

### **Find out why Jiangsu Province is the prime Chinese region for Swedish companies?**

- The first Swedish investment project in China was located in Jiangsu
- More than 1/4 of the Swedish investment projects in China are located in Jiangsu.

*Taizhou Municipality Government and Jiangsu Economic and Trade Office in Sweden with Co-organizers i.e. Chinese Embassy, Länsstyrelsen i Stockholm, Invest in Sweden Agency, Sweden - China Trade Council, SwedenBIO, SULS and Sensa Advisers cordially invite you to Seminar to meet the high-profile official delegation and business people from Taizhou City on 12th October 2009!*

### **What kind of Swedish companies and organizations should attend this seminar:**

- The companies and organizations which are seeking Investment opportunities in manufacturing, R&D and trading in China
- The companies and organizations which search for potential business partners in China
- The bio-tech, R&D companies which need financial input to co-develop the projects
- The companies which are making general China Strategy in Life Science Industries
